

## Inter-Country Travel Grant

Approximately 250 American lecturers and researchers representing a variety of academic fields participate in the Fulbright Scholar Program in Europe. Icelandic higher education institutions may apply for a travel grant from the Fulbright Commission to support short, approximately one week long visits by American Fulbright lecturers placed in a European country other than Iceland. The list of each year's American Fulbright scholars can be accessed through Fulbright Commission's website [www.fulbright.is](http://www.fulbright.is). The Fulbright travel grant will cover the visiting lecturer's airfare from the host country to Iceland using the most economical fare. The Icelandic institution is expected to cover other resulting expenses.
